Re: Notice of File Closure for Small Mining Activities, State Lease ML-43922, S/049/014, Utah County, Utah

Dear Mr. Gagon:

This letter is to notify you that file #S/049/014, for the State Lease ML-43922 project, located in Section 16, T7S, R1W, Utah County, Utah, will be retired from our files. We have contacted the School and Institutional Trust Lands Administration ("SITLA") and have been advised that your lease for this property was canceled in 1996.

The Division recently inspected the project area and found the surface reclamation satisfactory, or no disturbance had been made. If you wish to do any mining in this area in the future, a new notice of intention will have to be submitted and accepted by this Division, prior to any disturbance being performed. If you have any questions or concerns regarding this action, please notify us within 15 days from receipt of this letter. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lynn Kunzler'.
